Thank you. Looking forward to it. This will be the first meeting this group has had with EPA since last February. I have ask them to be very candid about their impressions and hope that happens.

**Subject:** follow up on formaldehyde

Good morning Ryan, to follow up our discussion yesterday, we meet with the ACC Formaldehyde panel on January 24<sup>th</sup> at 2. Following that meeting, I'd like to have a chance for Richard and I to talk with you about going forward. I fully appreciate the sensitivities and have some thoughts on how we can proceed with and manage the process. We will keep you posted.

Thanks

jennifer
